Build School Readiness & Attention Span

- Arrive a few minutes early before story time. Make sure you & your child are seated and ready for fun when story time begins
- Eliminate distractions: * Take a potty break before story time, * Finish snacks before arriving * Turn cell phones to vibrate * Visit with friends during play time
- Teach by example – You are your child's best teacher. Demonstrate to your child how to participate by joining in on all activities

Create Memories: Don't Forget! Adults are encouraged to have fun at story time, too! Laugh and engage with your child ... memories last a lifetime and are priceless.
